

# SWISS FLIPPER TOUR 2017

## 12. WANKDORF CENTER - BERN

| RANG<br>RANGLISTE<br>POSTO | PRÉNOM - NOM<br>VORNAME - NAME<br>NOME - COGNOME | SCORE<br>PUNKTE<br>PUNTEGGIO |
|----------------------------|--------------------------------------------------|------------------------------|
| 1                          | Thomas Roost                                     | 399 496                      |
| 2                          | Daniel Neff                                      | 160 546                      |
| 3                          | Nik Engel                                        | 156 431                      |
| 4                          | Didier Wyss                                      | 152 880                      |
| 5                          | Michel Dubois                                    | 132 680                      |
| 6                          | Reto Bonaria                                     | 132 436                      |
| 7                          | Reto Baumgartner                                 | 126 958                      |
| 8                          | Christine Chevillat                              | 124 637                      |
| 9                          | Stefano Antonio Primoceri                        | 113 355                      |
| 10                         | Jacky Michel                                     | 102 765                      |
| 11                         | Yannis Huet                                      | 102 321                      |
| 12                         | Hanspeter Fricker                                | 91 902                       |
| 13                         | Jan Jeitziner                                    | 90 389                       |
| 14                         | Miguel Bujan                                     | 90 010                       |
| 15                         | Roland Peier                                     | 87 555                       |
| 16                         | Noah Kauz                                        | 86 804                       |
| 17                         | Elia Jenzer                                      | 86 533                       |
| 18                         | Ali-Ertan Askin                                  | 84 898                       |
| 19                         | Carmen Albrecht                                  | 80 960                       |
| 20                         | Gianfranco Liguori                               | 79 572                       |
| 21                         | Bernard Jordan                                   | 79 156                       |
| 22                         | Adriano Chioccarello                             | 76 323                       |
| 23                         | Dario Rosiello                                   | 76 055                       |
| 24                         | Slobodan Kapa                                    | 73 425                       |
| 25                         | Meset Ruch                                       | 72 644                       |
| 26                         | Roland Gerber                                    | 70 892                       |
| 27                         | Thomas Hartmann                                  | 68 141                       |
| 28                         | Lukas Steimer                                    | 68 091                       |
| 29                         | Kiko Miko                                        | 67 693                       |
| 30                         | Abdelaziz Wasim                                  | 64 301                       |
| 31                         | Pascal Steffen                                   | 64 105                       |
| 32                         | Christoph Dalla Bona                             | 63 472                       |
| 33                         | Wolfgang Bachofen                                | 62 933                       |
| 34                         | Michelle Bergman                                 | 62 568                       |
| 35                         | Roger Schindelholz                               | 60 465                       |
| 36                         | Lucia Neff                                       | 60 305                       |
| 37                         | Alessandro Grau                                  | 59 353                       |
| 38                         | Strahinja Torbica                                | 59 286                       |
| 39                         | Marcel Goldberg                                  | 59 172                       |
| 40                         | Ueli Pfister                                     | 58 624                       |
| 41                         | Kevin Meepagama                                  | 57 455                       |
| 42                         | Stefan Aellig                                    | 56 288                       |
| 43                         | Ruedi Wagner                                     | 55 054                       |
| 44                         | Roberto De Annuntiis                             | 53 911                       |
| 45                         | Swen Drexel                                      | 52 293                       |
| 46                         | Umut Cinar                                       | 50 855                       |
| 47                         | Eric Lewis                                       | 50 207                       |
| 48                         | Philippe Burkhard                                | 50 202                       |
| 49                         | Jennyfer Jakob                                   | 49 769                       |
| 50                         | Thomas Kupferschmied                             | 49 731                       |
| 51                         | Selina Meier                                     | 49 207                       |
| 52                         | Pradeep Rao                                      | 47 890                       |
| 53                         | Florian Wyss                                     | 47 638                       |
| 54                         | Gregor Rohren                                    | 46 699                       |
| 55                         | Nils Wolfensberger                               | 45 753                       |
| 56                         | Philipp Aellig                                   | 45 611                       |
| 57                         | Olivier Satzgeber                                | 43 148                       |
| 58                         | Noel Andrea                                      | 43 075                       |
| 59                         | Sukanthan Kugathanan                             | 41 990                       |
| 60                         | Emanuel Bakaus                                   | 41 668                       |
| 61                         | Sandro Di Giosia                                 | 41 033                       |
| 62                         | Jari Nuudinen                                    | 40 708                       |
| 63                         | Dimo Andrea                                      | 40 613                       |
| 64                         | Abena Maheswaran                                 | 40 140                       |
| 65                         | Alessandro Chioccarello                          | 39 351                       |
| 66                         | Martine Huber                                    | 38 937                       |
| 67                         | Michael Dietrich                                 | 37 666                       |
| 68                         | Joao Manuel Da Silva Leiras                      | 36 978                       |
| 69                         | Elias Aguidi                                     | 36 676                       |
| 70                         | Rrezon Maliqi                                    | 36 097                       |
| 71                         | Andreas Gfeller                                  | 35 218                       |
| 72                         | Markus Scherer                                   | 34 433                       |
| 73                         | Olivier Grimm                                    | 34 260                       |
| 74                         | Marco Vurchio                                    | 34 206                       |
| 75                         | Serdar Gönül                                     | 33 532                       |
| 76                         | Anthony Valente                                  | 32 531                       |
| 77                         | Nikolaj Lucenic                                  | 32 238                       |
| 78                         | Atalbaoui Bouchaib                               | 31 614                       |
| 79                         | Bertrand Chevillat                               | 31 035                       |
